Juice Capital's PPA rates are guaranteed to stay below grid prices. If grid energy prices drop, Juice will offer a better rate and the PPA can be renegotiated. Likewise, if the feed in tariff rate drops below the agreed amount Juice is happy to negotiate the PPA.

**The CHEAPER way to purchase electricity.**

**Do I need to own the property**

No you don't. We will however need your landlord to agree to installing on their roof

**What if I have a short Lease**

Our short form PPA is perfect the tenant who is unsure on how long their next lease will be. We also offer moveable solar.

**What Types of Plans are available**

**JuicePower Max** – Generation Based  
**JuicePower Consumption** – Volume Based

**What do I get charged**

Depending on the type of agreement the customer either gets charged for the power generated from the system or what is used

**How long are the agreements**

You can choose from 7-25 years. The longer the term the cheaper the energy. If you are a tenant, we will design an agreement that matches your lease

**Who owns the system**

Juice Capital will own and operate the system during the agreement. At the end of the term, you own it for \$1

**Who Maintains the system**

One of our professionals will ensure your system is working at all times. You don't need to worry about getting on the roof to clean it.

**How much do I get charged**

You pay \$0 for the system. Only pay for the energy that's generated or consumed

**How do I get stated**

Give us a call and we will run you through receiving guaranteed savings
